President's Message

I hope everyone's summer fly fishing experiences have been engaging. As we know the big snow year and cool spring have kept many of our favorite rivers on the fringes of fishable. Any day now If we are flexible, the still waters, after bays, and a willingness to try for other species can keep things interesting. The rivers are shaping up and should allow for exceptional fishing through the late fall.

After a two month lay-off due to MoBand's use of the Mancini Center, Stanislaus Fly Fishers is returning to our regular meeting schedule. We will be getting together on the second Tuesday of each month for the rest of 2011. We start gathering about 6:00 PM with the meeting officially starting closer to 6:30. We will be serving some food and beverage to feed the hungry and enhance the social time.

This month, we will be showing SoulFish2, Fish Mode. This highly acclaimed new video is from Burl Productions and Mikey Weir. Mikey is a professional snowboarder, fly fishing guide and resident of the Truckee/Lake Tahoe area. Ralph Cutter, one of my favorite fly fishing characters, reviewed this work in a recent issue of California Fly Fishers. He likened the video to Warren Miller's famous ski movies. This night will be filled with excitement and spectacular action from California and exotic locales.

Come out and join old and new friends for the evening of entertainment, learning, and camaraderie.

Regards,
Derald Lahti

August General Meeting

Date: Tuesday, August 9, 2011

Time: : 6:00 PM

Location: Mancini Senior Center, 718 Tuolumne Blvd., Modesto.

Click [here](#) for a map.
